My journey so far in academics has been both quite interesting and challenging, through which I have developed great abilities in terms of resilience, determination and excellence. My dream of becoming a renowned engineer became vivid upon gaining admission into the prestigious FUTA. I became more determined to put in the work to achieve my aim, one of which is to have the highest possible grade (First Class), also to continue with my involvement towards being a world changer. It will be a great privilege to be a recipient of the scholarship as it will help me to be more focused while overcoming financial obstacles. Additionally, this will be an opportunity for Etinosa Oghogbo scholarship to be a contributor to developing one of Nigeria's finest protégés. Thank you for your consideration.
Bashir Adeshola Joseph OAU Ile Ife Pharmacy	Good day to you sir, I hope this email finds you well. First of all, I appreciate your swift response concerning a petition that I raised as regards my scholarship application. I am writing to inquire about the status of my application for the TOIOG bursary scholarship that I submitted on 1st of August, 2023. As a passionate and dedicated student, I am eagerly looking forward to the outcome of the selection process. I understand that the review and selection process for scholarships can be quite intricate and time-consuming. However, I humbly request for an estimated timeframe for the short listing of candidates as this would help ease my anticipation. I would also like to take this opportunity to reiterate how paramount and weighty this scholarship is to me, as my selection would help pacify my journey through the school of pharmacy during this final year. The current economic situation of the country has tremendously affected my financial status making it difficult to thrive here on campus and perform some academic duties (payment of tuition fee and final year project). If there are any additional materials or information needed from my end to aid in the selection process, please do not hesitate to let me know, and I will promptly provide the requested documentation. Thank you for your time and consideration. I am eagerly looking forward to any updates regarding my application status and the upcoming short listing process. Once again, I appreciate the chance to apply for this scholarship and look forward to being a beneficiary of this great scholarship. Thank you for your attention to this matter, I eagerly await your response.
Victor Olatunbosun OAU Ile Ife Animal Science	I would love to let you know this and request your favour, apart from being a student of Obafemi Awolowo University (OAU), I did SAT (Scholastic Aptitude Test), and I applied to some Universities in the USA which I got partial scholarship(s) from those Universities but due to the increased exchange rate recent demise of my Dad which affected the families financial stability, we could barely afford the balance of the scholarship for tuition fee. My Dad's death certificate is available upon request. It has always been my dream to further my studies in the US and I would be more than privileged to achieve my goal of giving back to the community and my country. My expectation is that

	while I am studying, I would have an opportunity to still work part-time and source for my secondary financial needs as well as other costs that may arise, and that soon, I will not be in such a desperate financial situation. I would like to request a financial aid that would help fill the gap together with the partial scholarship awarded. I would be a good representative of The Osun Indigenes Organization TOIOG USA Chapter any where I go. I look forward to getting a favorable response soon.
