To all Members,
Osun Indigenes Organisation,
Washington DC. Chapter,

Dear Great Sons and Daughters,

LETTER OF APPRECIATION

On behalf of the entire members of this Association accept our most appreciation for the wonderful reception accorded our esteem Chairman (Dr. J. B. Adegboye) and the gifts (the Computer Set) presented to us during his visit to the United State sometimes ago. May the good Lord continue to prosper you all. "Ni agbara Olorun Oga Ogo, e o ko ere oko wa si ile o. Eko ni ti ajo gbe si ajo.

Please bear with us that this letter is coming rather too late but it is not the time but the intention behind it. We shall continue to ask you for more hence our request for the following items:

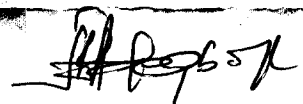

1. Tractors - 6 or more, new or fairly used
2. Electric type writer -2
3. Fish Vitamins - for quick fish growth
4. Vegetable seeds (assorted) - pepper, dwarf okro
5. Agricultural Implement - Cutlass, knives, etc.

One of the main reason for not writing earlier is partly due to the restructuring going on in our Association which, by special grace of God, is almost completed.

Once again, we are sorry for the embarrassment we have caused your Association due to the lateness of this letter. May you all continue to grow from strength to strength and then to strength.

Thank you and God Bless.

Secretary
